What's a High Conviction View?

- Technical configuration found through a Top-down market analysis.
- Has 3 to 5 (out of 5) validating elements: graphical / candles / mathematical / elliott wave / cross-asset & correlation.
- Illustrated by the chart of the asset.
- Be advised that entry levels may or may have not been reached between producing the chart and releasing the report.

What's an Opportunity?

- Bottom up technical configuration.
- Has 1 to 3 (out of 5) validating elements: graphical / candles / mathematical / elliott wave / cross-asset & correlation.
- Be advised that entry levels may or may have not been reached between producing the chart and releasing the report.
